State Meeting Task Guide

Using the models we pursued in the opening session, choose at least one measurable outcome that you want to pursue with the larger group of stakeholders and the decisionmakers back in the state.

Around what outcome(s) do we want to build our community work?

What is our goal?

- What is the standard we want to reach?

- What is our timeline?

What are the indicators that show progress toward meeting the goal?

- Can a Community of Practice help us get where we want to go together?
 - What rating did our team collectively give to your progress in establishing *community* as a way of working?
 - What were the strongest areas on our assessment?
 - What areas need the most work?
 - What stakeholders were most informed and engaged?
 - Which stakeholders were less informed and engaged?
