Assessments Aligned to the Common Core State Standards

What are Common Core State Standards and how will they be assessed?

An issue garnering much attention in the field of education today is the Common Core State Standards. Beginning in the spring of 2009, Governors and state commissioners of education from 48 states, 2 territories and the District of Columbia committed to developing a common core of state K-12 English-language arts (ELA) and mathematics standards. This collection of resources will focus on exploring what is happening currently with regard to the assessments that are being developed to measure growth in mastery of the Common Core State Standards.

What resources are available to practitioners in the collection?
